## **BOOK SYNOPSIS**

Book & CD-ROM. You will learn all about business operations: selecting a business structure, licensing and permits, employer identification number (EIN), business taxes, record keeping, self-employment taxes, paying estimated taxes (and calculating how much to pay), dealing with independent contractors and 1099-miscellaneous forms, client agreements, insurance, workers compensation insurance, rights and intellectual property law, accounting periods, selecting an accounting method, checklist for starting a business plan, choosing a name, business plans, forms of business structures, financing, location, marketing and advertising. In addition, new entrepreneurs will appreciate this valuable resource and reference in their daily activities and as a source of ready-to-use forms, Web sites, operating and cost cutting ideas, and mathematical formulas to apply to their operations. The Companion CD-ROM contains all the forms in the book as well as a sample business plan you can adapt for your own use.
